One 6-Quart Tin Bucket, one 10-Quart Bucket, one 14-Quart Tin Bucket and one 14-Quart Bread Pan all for 45c

#### The Quaker Crimped Crust Bread Pan.

As the Crimps so shall thy Slicing be. It is with no small degree of pleasure that we present to the public this new device which makes itself felt immediately, for the reason that it strikes diately, for the reason that it strikes diately at the foundation of good living mitchell's chances for re-election. knows that the first great requisite to good living is good bread, and it is therefore passing strange that for ages there has been practically no improvement in this most necessary, essential and indispensable article of diet. Not even the painful cries of the hopeless dyspeptic, agonizing under the baleful influence of the sodden underdone bread of the country, have been suffipared traversing the principal streets cient to start the inventive genius, of t man. The physician and the inventor The of patent nostrums have seen their op-portunity and have plied the stomach of man with worm-wood and gall in their efforts to repair the wrong produced by the consumptive of bad bread.

RELIEF AT LAST!

Relief has come at last in the invention of the Quaker Crimped Crust Bread Pan. It is not a novelty, but a thoroughly reliable addition to the culinary department of the household. It has been thoroughly tested, and is now being used extensively by all classes and conditions of people. It has sprung into popular favor with a suddenness that but shows how great was the need for such an article. We wish at this time to point out a few of the advan-tages of the Quaker Crimped Crust over the ordinary bread pans now in use, and after so doing we shall leave it to the consideration of the individual. ADVANTAGES OF THE QUAKER CRIMPED CRUST PANSOVER ALL

OTHERS.

Taken for granted your flour is good, that your yeast is fresh and potent, and that you have observed all the conditions necessary to the making of a good sponge—the great prime requis-ite in the baking of bread is an even application of the heat which shall produce a perfect congulation of the albumen. The Quaker Crimped Crust has the advantage of being round, and receives the heat from all points at the same time. There can be no burning on the top while the bottom remains underdone and soggy, as in the old square pan so common in use. GREATER HEATING AND CRUST

SURFACE. The Quaker has more heating sur-ice than any other pan. "It's in the face than any other pan. 'It's in the crimp!—the many folds of which afford a large surface for the even distribu-

tion and application of the heat.

The Harvest is Well Advanced in Texas and Oklahoma.

Abundant Rains in Central Mississippi and Lower Missouri Valleys.

Drought in Western Portion of the Gulf States—Crops Damaged by Rain in Ken-tucky—Hall and Storms Did Much Damage Throughout Indiana.

CHICAGO, June 3 .- The reports as to the condition of the crops throughout the country and the general effect of the weather upon the growth, cultiva-tion and harvest of some were Tuesday made by the directors of the several climate and crop sections. The re-ports received at Chicago were as fol-

Except in the states of the lower Missouri and central Mississippi valleys, where severe local storms and heavy rainfall have caused much damage, and over the western portion of the gulf states, where drought is becoming more or less serious, the past week has been generally favorable. Too much rain has greatly interfered with corn cultivation in Iowa, Missouri, southern Illinois and Kentucky, where the crop is grassy. Winter wheat harvest is well advanced in Texas and Oklahoma, and has begun as far north as the southern portions of Kansas, Missouri and Illinois, the wheat is ripening in Indiana and Ohio. Cotton has continued to make good progress, and, except over the southwest portion of the cotton region, the crop has made good growth and is fruiting well. The week has been exceptionally favorable for transplanting tobacco, which has been nearly completed in Kentucky and Virginia.

Kentucky - Temperature and sunshine nearly normal. Excessive rains and high winds in southern and western counties damaged crops. Corn growing nicely but becoming weedy. Pastures, meadows, oats and hemp greatly improved. Wheat ready to cut in southern counties. Fine season for tobacco and settings completed.

Indiana—Numerous good rains im-proved crops; hail and local storms did injury. Wheat and barley are ripening; rye and oats are in best condition; corn stands well in clean fields; grass is improved but short in localities.

Ohio-Very favorable week; some early corn in south portion of state received second cultivation. Wheat maturing rapidly and heads filling well, but straw short and thin on ground; crop past any further or special improvement, also damaged by fly and rust. Considerable tobacco set.

#### OREGON'S ELECTION.

The Republicans Capture Nearly All the

Legislative Seats.
PORTLAND, Ore., June 3.—The next legislature of Oregon will be over-whelmingly republican, the candidates of that party in nearly every county having majorities or pluralities. Up to Tuesday evening the returns show that only two democrats have been elected. In Portland the result is thus far considerably mixed. There are in all 312 candidates, and the counting is very slow. Johanthan Burne, jr., the leader of Senator Mitchel's campaign, is elected to the lower house, while one or two anti-Mitchell men are elected. It is

## TENNESSEE'S CENTENNIAL.

The Second Day's Celebration at Nashville. NASHVILLE, Tenn., June 3.-The sec-

ond day of the celebration in honor of the one hundredth anniversary of the of the city Tuesday morning. anniversary exercises which took place immediately follow-ing the street pageant were held in the auditorium. Hon. John M. took Lea presiding. The programme consisted principally of addresses upon the past, present and future of the com-monwealth. The attending military organizations, including 5,000 federal and state troops, closed the exercises Tuesday afternoon with a sham battle on Shelby flat, east of the Cumberland

Prominent Chicago Man Sulcides. CHICAGO, June 3 .- A. L. Henderson, who was at one time a director in the Chicago board of trade and one of the heaviest speculators in the west in seeds and grains, committed suicide in this city Tuesday afternoon. Mr. Hen-derson failed in 1893 and it is said that he has been despondent ever since.

For The Public Good.

In another part of this paper appears an advertisement worthy the reading, as it's for the public good. It tells of a Free distribution of Doan's Kidney Pills, a remedy for Kidney Ills. Read it, and call at Wm. H. Styer's, Druggist, No. 24 Front Street, Marietta, Ohio.

Everybody with a bad back, a lame, weak or aching one, should take advantage of the Free distribution of Doan's Kidney Pills. Read about it in teday's issue of this paper, and call at Wm. H. Styer's, Dauggist. No. 240 Front Street, Marietta, Ohlo.

Read It.

If you have any trouble with your back, if it aches, is lame or weak, the cause nine times out of ten is from the kidneys. Read about the free distribution of Doan's Kidney Pills in this paper, and call at Wm. H. Styer's, Druggist, No. 240 Front Street, Marletta, Ohio. The ABC Of It.

A kidney education starts with: Back ache means kidney ache, lame back means lame kiddeys, weak back means weak kidneys, cure means Doan's Kidney Pills Read about the free distribution in this paper, and call at Wm. H. Styer, Druggist, No. 240 Front Street, Marietta, Ohio.

Pittsburg-Cincinnati Line of Steamers Arrive at Marietta, going up, every Saturday, Monday and Thursday afternoons: going down, every Tuesday, Thursday and Sunday evenings Jas. A. Henderson, Gen'l Manager. For further information write or call on Jas.
